

## On Your Own

You have heard the account of Adam and Eve. Images that come to mind may be a lush garden, trees laden with ripe fruit, animals of all kinds roaming about, two naked people, fig leaves and a serpent with a slithering, sly tongue.

This amazing account, which seems so far into the past that it could not possibly be relevant today, is actually what shapes your very being. Often referred to as “the fall of man,” the story of Adam and Eve’s disobedience to God is also your story. It is the story of how we humans came to exist and how, from the start, we have continued to follow our own selfish whims and extricate ourselves from a true and abundant with God.

- 1 Sin enters the world. Adam and Eve did not physically die the moment they ate that fruit, but they experienced spiritual death.  
Genesis 2:15 – 17  
Genesis 3:6 – 10.

Describe the effects of spiritual death and how it altered their relationship with God.

- 2 One “small sin” can grow and spread and lead to something much worse.  
Romans 5:12

What experience have you had when you did something wrong that seemed like a small thing, but then it spread into something bigger?

- 3 Jesus can change you.  
Romans 5:17  
Ezekiel 36:26 – 27

Think about Adam and Jesus. How did the actions of each affect humanity?

How does God promise to change our nature?

- 4 Who or what is your greatest resource in life? Why?  
Philippians 3:8

Why is a relationship with Jesus more important than anything else?

Is there anything else that we can take with us after death?

Name some benefits of having a relationship with God. When have you needed God’s help.

- 5 Who created you? Who formed your inmost being?  
Genesis 1:27  
Genesis 5:1 – 2

You were created in the image of God. What does this uniquely say about your value to God?

- 6 With God you have the opportunity to completely set aside all your discouraging, negative traits and put on a new self. It is never too late for you to change your old ways.  
Colossians 3:8 – 14

We are to “put aside” the activities of the old broken image. What activities and attitudes should you be rid of?
